**CLARIFICATION NO.1**

---

**ZICTA/ORD/08/19: TENDER FOR THE SUPPLY, DELIVERY, INSTALLATION AND COMMISSIONING OF LAST MILE OPTIC FIBRE CONNECTIVITY TO SIX SELECTED LEARNING INSTITUTIONS**

In accordance with ITB 7.1 of the tender for the supply, delivery, installation and commissioning of the last mile optic fibre connectivity to six selected learning institutions, acting as the Representative of ZICTA, received a query from a prospective bidder and we wish to respond as follows:

**Query**

The requirements asked for in the tender document do not correspond to the XML File provided when loaded in the tender preparation tool. Only the Eligibility Criteria part comes up and only a few of the requested documents can be uploaded. Kindly advise on the Technical and Financial Criteria of the tender as we are unable to upload them.

**Response**

The tender is packaged in lots. After a bidder completes the eligibility criteria, they have to select the lots they are participating in and the technical and financial envelop will be automatically opened. Thereafter, bidders will have access to the fields.

Paul Magiya Manda
